How to Treat a Wife.
(From Pacific Home Journal)

First, get a wife; second, be patient. You may have great trials and perplexities in your business, but do not therefore carry to your home a cloudy or discontented brow. Your wife may have her troubles, though of less magnitude, may be hard for her to bear. A kind husband will know how to find wonders in his own home, while others find fault. —To do this we would add always keep a bottle of Chamberlain's Cough Remedy in the house. It is so useful and is sure to be needed sooner or later. Your wife will then know that you really care for her and wish to give her the best health. For sale by Noyes & Co., Boston.

EAST STONEHAM.

The ice went out of Stoneham pond, yesterday, and the fishing season was inaugurated by Comrade Harry Littlefield and friends from Boston, at Littlefield's farm, who is also a resident at Nett Russell's, and who is here for the purpose of enticing some of the large salmon and trout out of their pens. A good deal of good catching by bringing a fine specimen of the "Salmon Pond Devils" weighing 3½ lbs. The fisherman also landed a handsome pickerel weighing 5½ lbs. from Lake Umbagog in big fish at Moosehead lake on the Angely Lakes, and used the same rod and reel for both catches. The pickerel was a genuine brook trout, from the Angely lakes.

East Stoneham Flag Raisng.

An interesting event in our little village on the 2d inst. A flag raising took place at our schoolhouse. The scheme was projected by Comrade Harry Littlefield of Boston, who is visiting here, and who is a veteran of the Civil War, and an ex-member Grand Army man. His enthusiasm and noble heartiness, thought a town with such a creditable record as Stoneham has for its part in the late war, with such a creditable record than its proportion of men and material for the cause of the Union, should keep the memory of its loyalty to the Union and patriotism, not only as the young children of the public schools, but also the veterans of the services and sacrifices of its people in the times that tried men's souls."

Comrade Littlefield thereupon visited the Grand Army Post here and secured the passage of a resolution and the appointment of a committee to secure a national flag to be erected and displayed at the schoolhouse and Post hall.

The first ceremony raised for the flag, and Comrades Littlefield and Levi McAllister built and erected a flag staff, and on the 2nd inst. in the presence of the school children and the citizens generally and with appropriate ceremonies including the playing of the music by the Concert Band, singing by the children, and a patriotic address by Comrade Littlefield, the "Star Spangled Banner" was duly flung to the breeze and all saluted.

Beautiful day to radiant and bright, shining Freedom's holy light. To those we cherish our dear and hard, in thy office will ever stand.
